

## *Did you know studies indicate*

**62%**

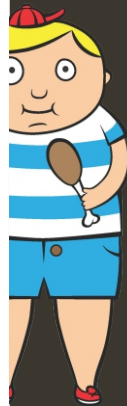

children like eating junk food like burger or pizza to green vegetables. It may be noted that nutrition inadequacy is extensively prevalent in Urban Indian children due to unhealthy eating habits, lack of physical activity & reduced sun exposure.

**93%**

of the children below 14 years evaluated from all classes of the society for Vitamin D status in North India were found to be deficient.

**85%**

of school children below 14 years diagnosed with diabetes are obese owing to their improper eating habits.

**GLOBALLY  
1 IN 5  
CHILDREN ARE  
Either Obese or Overweight**

**Do these**  
sound familiar??

*I'm not hungry...*  
*I hate vegetables...*  
*I'm tired...*  
*I don't want medicine...*
